Lovely city reporter

In every news community it is very important to have people knowing their city well. It influences on their work. For citizens it is also very important to know what is going on in their city. That is why reporters become an important profession nowadays. As for me, I have been living in my city for the whole life that is why I am the expert of ordinary and cultural life in my city. I want to recommend myself for this work and demonstrate my knowledge.

First of all, cultural life is pretty rich here so each seasons local theatres make new operas and plays. Sometimes even popular singers come to us and give concerts. It is especially important for the young people. In the first days of winter the local ice skating starts its work. This event become a real holiday for the kids and adults. Our region has a very special holiday which is celebrated on the 9th of May. The whole city goes for a demonstration which is called "Parade of winning". The another popular holiday is the 8th of March. On that day our city has concerts and kids' performances for

their moms. It is nice to see all the love from these events. I feel proud of the citizens of my native city. It doesn't matter that my city is not big. It has many interesting holidays, events and people living in here, who make this city especially beautiful.
